INDUSTRIES OF NORTH FLORIDA

[goodwillnorthfl.org](http://goodwillnorthfl.org)

*Goodwill Industries of North Florida facilitates the Duval, Putnam, and Suwannee Take Stock in Children programs.*

**Take Stock in Children** was established in 1995 as a non-profit organization that provides a unique opportunity for deserving, low-income youth to escape the cycle of poverty through education. We offer under-served students one-on-one support through caring volunteer mentors, professional college success services, the opportunity to earn a college scholarship, and hope for success in college, career, and life.
